

FCC,

Please note I chose to subscribe to XM Satellite Radio based on a lack of quality programming available to me from local radio stations. I chose XM due to the large variety of offerings. I fully expect XM to continue to broaden their offering and I will continue to pay a subscription fee to access this additional programming. I fully expect XM radio or any other subscription service to have the free right to offer programming to meet the needs of their subscribers. Restriction of this right is contrary to the freedoms we all respect and fight to protect.

Thank you for your consideration.
